## **Brain for monster truck 24v**

Picture not available Color: Take any bumps that come your way to Rollplay 24-Volt Monster Truck! This truck definitely stands out from the crowd with its huge wheels, raised seat and awesome monster truck details. Real, working shock absorbers allow little one to experience the fun of any bump along the way. Operating at speeds of up to 4 MPH in forward and 1.86 MPH in reverse, the truck is a high-speed lockout option, so you can be sure the small driver will go at speeds that are right for them. Each of the four off-road wheels has rubber traction bands, so the truck always grips the ground. The integrated side step makes it easy for small feet to get in and out of the vehicle without assistance. Your child will love pretending to be a real driver with working headlights and fun truck sounds. When it's time to charge, simply plug in the 24-volt battery with the included charger in any outlet. About Myself What are your interests/hobbies/favorite pastimes? Morgan Kane: I live a very active lifestyle and try to stay as busy as possible. When I don't work in Digger's Dungeon, I spend time with my wife, play and coach soccer, relax on the beach, ride ONVs with my buddies, work on old trucks, and the list goes on! I always have a long list of projects running through my mind so I stay pretty busy. As long as I'm active, I'm happy! Who are your role models? Morgan Kane: Being a role model is hard. My father would be the greatest role model of my life. From a young age, it always made me want to be the best at what I do. In my teens, I had some awesome times on the football field while I was working towards playing in college. Whatever questions or problems you find in life, he is always there to guide you in the right direction. Do you have some pre-show ritual you're going through? Morgan Kane: Before the

show, it usually takes five to 10 minutes to talk to my crew. It really gives me a lot of confidence before the show starts that my Monster Jam truck is ready for what I throw at it. What do a lot of people don't know about you? Morgan Kane: A lot of people don't know I'm the assistant coach at Currituck County High School. It's a scary feeling to go out on the field and work with the boys every day. I graduated from CCHS and started university for four years. Now that I'm back in the community and working to create a great soccer program in our area my main goal. What's your favorite memory on or off the racetrack? Morgan Kane: My favorite memory should come in my rookie season at Monster Magic. Racing my best friend Ryan Anderson in the final in Minneapolis and getting his first stadium win. It was a moment I'll never forget. What's your most valuable possession? Morgan Kane: To be perfectly honest, my most valuable possession would be my job. It is truly a dream come true to travel the world and entertain so many different Growing up, I've always wanted to visit Spain because the football (soccer) culture is brought to the table. My father always told me to find a job that you like to do, and you'll never work in your life. Living on the road with Monster Jam What's the best and worst thing to do on the road every weekend with Monster Jam? Morgan Kane: Well, I love food and travel to so many different cities gives you the opportunity to expand your taste bud horizons... But it's also the downside of traveling, eating out every day and night isn't healthy, and sometimes affects your sleep, performance and off-piste, and reaching your wallet is pretty heavy. The road always has good and good itself. While on the road, what's your favorite thing to do during your spare time? Morgan Kane: There's not a lot of free time on the road. We work 6 days a week for 4 months and the only day off is our travel day and this happens at airports. If we are lucky, we will get to the next city and use the first day, which is usually Monday or Tuesday, to go to the site to see. How do you keep him fit? Morgan Kane: Being fit for the road and keeping the road unreaveable is difficult. I don't have the luxury of traveling home every week like other drivers and working out in a hotel practice room just not for me. I bring my soccer cleats down the road, so if anyone wants to have a pick up game together in the middle of the week, hit me on social media! In the past, the crew and I took the time to go snowboarding. Great core workout and lots of fun. Also, nutrition plays a huge role in staying healthy down the road and I try to stay on my eating schedule. What item(s) can't you live without while traveling on the road with Monster Jam? Morgan Kane: Three items that I love are my noise canceling headphones, iPad, and iPhone. Music drives my world, and I can't function without it. What's your favorite city to go to? Why? Morgan Kane: My favourite city would be Barcelona. Everything in this place fascinates me. In 2015, my father came over this week for Father's Day and we had an explosion! Career How did you start competing in Monster Jam? Morgan Kane: My Monster Jam career began in 2011 with Steve Sims. I had an open space and shows coming up, so I tested it at his store and performed my first halloween show in Louisville, KY at Freedom Hall. What's your favorite part about competing in Monster Jam? Morgan Kane: Driving a Monster Jam truck gives you an adrenaline rush that just can't be leveled. Pulling him out of the pits in a crowded stadium and smashing the loud pedal to see 70,000 fans on the edge of the seat is hard to describe in words. When I first drove a monster like this, my brain said: A big thing like this shouldn't go so fast. How would you describe your driving style? Morgan Kane: I grew up watching Dennis cover so many areas in 75 seconds, and that style just stuck with me. Adam, Ryan and I are very close, and we're always each other every time they run. All our styles vary with time and new track designs... But we're always treading that loud pedal to get the loudest and fastest Monster Jam truck on the ground. What advice would you give to kids who want to become Monster Jam drivers? Morgan Kane: My advice is to become a Monster Jam driver build character. Monster Jam is so much more than driving a truck and smashing things up. Imagine yourself with a microphone in a stadium with 65,000 waiting to entertain them. They paid hard earned money to their family to watch You... What are you doing or telling me to smile, laugh, cheer, or jump out of place? Being a Monster Jam driver is 30/70. 30% committed to driving, and 70% showing who you really are. Can you break the silent line a 5-year-old raises when he comes up to you at the Pit Party? Can monster jam fans feel comfortable with our shows and keep them coming back every year for more? That's what Monster Jam driver is all about. What's your biggest memory as Monster Jam driver? Morgan Kane: My favorite memory is winning the Monster Jam World Finals XVII Championship. Full teamwork from Team Grave Digger. The truck was so hot going to the finals opposite Todd LeDuc and had to use a jumping box for 24v to get it started. GD25 was on the tracks that night. Kia monster jam look up for inspiration? Morgan Kane: In Monster Jam, all veterans respect you. The guys that build this sport to see what it today inspires me. They paved the way with some trucks built from scrapyard parts and allowed us to continue to pursue the legacy of future enthusiasts. Fun Facts Do you have a nickname? Morgan Kane: I had a nickname stuck in high school, Korgar Mane. The first letters changed in my name. My friends at home still call me that and it became my social media treats. @korgannmane's your favorite movie? Morgan Kane: Anything with Denzel Washington is my favorite. What's your favorite TV show? Morgan Kane: Sports Center. What's your favorite color? Morgan Kane: Red What's your favorite thing to eat? &gt; Morgan Kane: My wife's homemade bbq chicken pizza How would your friend and family describe it? Morgan Kane: The first word that comes to mind is determined or competitive. I set short and long-term goals for everything I do. Achieving goals is the key to being successful in life, and my family raised me to work hard to achieve those goals. This all-new exclusive Monster Jam playset comes with an assortment of 2.
